TASTING NOTE

An abundance of tiny bubbles rise from the glass, persistent and forming a full white foam, carrying white peach and acacia flavours that follow onto the palate, this is a stunning example of Glera at it's best, superb purity and depth of fruit, making this a great wine for food, cheese, charcuterie, pasta and pizza...

PRODUCER INFORMATION

Le Contesse are a very accomplished family Prosecco and sparkling wine specialist. Three generations of the same family working together with 85 year old Olimpia at the family head. They make wines only from their own vineyards around Treviso.

The family invested in a purpose built winery just outside of Treviso in the early 70s. It is incredibly well thought out with both production and storage facilities. Equipment is unsurpassed with constant investment, most recently in horizontal rotary fermenters. They keep must in tanks at near zero degrees until they actually want to start production, this means that their sparkling wines are made all year round as required and the freshness and vivacity which is the hallmark of these wines is there all the time.

HISTORY

Loris Bonotto, proud owner of Le Contesse, together with his wife Loris created what is now one of the most well respected Prosecco producers of their region. The land belonged to the Tiepolo Countesses of Venice, hence the company name "Le Contesse" in homage to the countesses.

The first Prosecco vineyard was planted on this land using the Bellussera method, which to this day is kept with utmost care, because it represents their beginnings, history and upholds their tradition.

Children followed and now both sons, and their wives and their children all have their roles within the winery, David his first born a winemaker himself, this is a true family affair, Davide with his wife Francesca have visited our cellars and our customers many times, and have in turn become part of our family.

VINEYARD

Le Contesse own vineyards across the central area for Prosecco production, centred around Treviso, into Valdobbiadene and Cartize.
